### THE ATCHISON.

Meeting of the Protective Reorganization Committee.

Associated Press Leased-wire Service.

NEW YORK, Aug. 8.—The Atchison Protective Reorganization Committee, of which Thomas O. Myers is chairman, had a meeting this afternoon at the office of Henry Clews. It was expected that President King of the Union Trust Company would send a reply to the letter which the committee sent on August 6, asking him to petition the court for the removal of Reainers Reinhart and McCook. This letter recited the objections of the committee to the administration of Messrs. Reinhart and McCook, and said that if the responsibility for the affairs objected to is shared by the receivers, their retention would, in the opinion of the committee, not operate to the benefit of the interests represented by them.

Mr. King did send a brief reply, but it was supplemented by a much fuller one tomorrow. His views as to the suggestions of the committee were not made public, but his amplified reply will be made known to-morrow. Mr. McCook, having learned that the letter to Mr. King had been given to the press, this afternoon gave formal notice that the said letter contains a libel on him (McCook) and that Mr. Myers and each member of the committee approving the letter and all the persons circulating it will be held responsible.

The committee adjourned after a very brief session this afternoon. Secretary Koby has given out the following statement:

"After the meeting of yesterday, Mr. Little desired to further consult the books of the company with reference to a certain item, in which the printed report of the company differed from that of the bank. He was unable to do so until this morning, and, after doing so, without changing any of the results of his report, he amplified it in a way to make it appear clear with respect to items. The report has now been handed to President Reinhart, and the committee will meet again tomorrow at 3 o'clock."

TACOMA'S FAIR.

Foreign Exhibits Thereto Will Be Admitted Free.

Associated Press Leased-wire Service.

WASHINGTON, Aug. 8.—The Secretary of the Treasury has issued a circular letter to all customs officers calling their attention to the act of Congress recently approved by the President, admitting free of duty all foreign exhibits for the International Fair which opens at Tacoma, Wash., on August 15, and directing that the regulations issued by the Treasury Department governing the importation of articles intended for the Chicago Fair shall apply to the Tacoma Fair.

Exhibits may be transferred from the California Midwinter International Exposition at San Francisco to Tacoma during the coming encampment at Washington, and the schedule would not receive their votes. Representative Catchings, of the Rules Committee, is hopeful that an adjournment of Congress will occur next week. The Republican steering committee of the Senate held a meeting immediately after the adjournment of the Senate today to consider the situation. The understanding among them was to the effect that the Democrats had got close enough together to allow the tariff bill to be reported back to the Senate tomorrow.

Weaver's Close Shave.

COUNCIL BLUFFS (Iowa), Aug. 8.—MRS. BRAUDRY, LATE OF CHICAGO, MASSAGE and magnetic treatment; open Sunday. 123 S. MAIN ST., room 8.

MRS. DR. MAYER, SCIENTIFIC MASSAGE and magnetic treatment; open Sunday. 145 S. SPRING ST.

NEUTRICAL HEALER, MAD

Viceroy Li-Hun-Chang of Canton, in speaking of the report that Viceroy Li-Hung-Chang had been deprived of his yellow jacket, said that in his view the report doubtless grew out of a confusion of names; that instead of Li-Hung-Chang having been degraded it was probably Li-Hun-Chang that had lost the Emperor's favor.

"Viceroy Li-Hung-Chang's district of Canton," he added, "has been the source of much trouble of late. The plague has carried off thousands and the Viceroy, according to Chinese news and policy, is held responsible. The Empress Dowager is very much troubled over the affair. She has unlimited power over the Emperor. Her slightest wish is law.

"The riots in Canton have been a source of responsibility to Li-Hung-Chang. The attack upon the two female American missionaries caused a feeling of uneasiness to the British Consulate, Mr. Byron Brennan, and Mr. Seymour, Consul of the United States, called on the Viceroy and in a three-hours' interview urgently pressed upon him the duty of punishing the rioters and suppressing all recurrence of the outrage.

"Li-Hung-Chang is very much annoyed at the attention he attracts when he appears in the streets and he very seldom wears the jacket that marks his high rank."

#### ENTERPRISING JAPS.

CHICAGO, Aug. 8.—The Japanese Club has opened its doors to the American public seeking information about Japan and the war that country is waging against China. The room in the Adams Express building is handsomely furnished.

F. A. Koidzumi, who was one of the World's Fair commissioners, did the honors when the clubroom was visited. "As yet," said he, "we are not under way, but in a few days will be. We will have the latest news by wire from Japan, and will keep on file all the latest daily papers, which we will fully translate for such information about the war as might be sought."

#### FOR STARVING COREANS.

NEW YORK, Aug. 8.—Secretary Gresham has been asked if the United States will undertake the transportation of the contributions of flour, grain, etc., that it is expected will be made in this country for the relief of the starving Coreans. Efforts will be made to secure the co-operation of the various boards of trade and exchanges throughout the country, and especially those of San Francisco and Chicago, to secure a shipload of food for the sufferers. A religious newspaper of this city has already to contribute 1000 barrels of flour to any cargo that may be made up.

#### STOPES' IMMIGRATION.

OTTAWA (Ont.) Aug. 8.—The war in Corea has practically put a stop to the immigration of Chinese to Canada. The reports show only three arrivals at Victoria, B. C., last month.

#### THE CHINESE WAY.

They Assume a Virtue if They Have It Not.

Associated Press Leased-wire Service.

COTTAGE CITY (Minn.) Aug. 8.—S. I. Grace, who was recently consul at Foo Chow, China, and who is at present here, said regarding the reported degradation of the Chinese Viceroy:

"Li-Hung-Chang's degradation" may mean much or it may mean nothing, and it is more than probable that it is the latter. It is not necessarily a mark of disfavor or any real disapproval. If he has been deprived of the yellow robe or button it was probably suggested and recommended by His Excellency Li himself, because he allowed the war with Japan to come on, or because he did not have a great number of troops massed on the borders of Corea, sufficient to prevent any invading force from entering the peninsula occupied by the hermit nation. He should have been wise enough to have foreseen what was coming and have prepared for it.

"This would seem very strange to the people of the West, but not to the Chinese. The Emperor is regarded as the son of heaven and worshipped accordingly; and, being such a great being, he and all who associate with him should have presence of mind sufficient to foreknow and prepare for any calamity, and consequently they assumed reproach and disgrace if the unknown is not known by them and the unpredictable even is not prevented.

"I have known His Excellency Li to take great blame to himself in public pronouncements because there had occurred a great flood in the Yellow River district and require the Emperor to punish him accordingly. This is a common method of showing an assumed humility when famine or pestilence or flood visits the land. On several occasions, while I was in China, I received most elaborate invitations to attend the funeral of a father, issued by his eldest son, which, in the usual language of the Celestials, reprimanded his undiluted and undutiful conduct as the cause of his father's death, and stoutly professed his need of punishment therefore, and calling down upon his head and that of his brothers the severest penalties. I have known many high officials to recommend themselves for punishment because of calamities falling upon their people.

"There is a reason in all this, senseless as it may seem to us. It impresses the people with respect for those who rule over them, who are supposed to know all things that might, could or should occur, and plan for it as a kind, paternal government should. It is a part of that great paternal system in which the rulers are supposed to exercise ceaseless, fatherly vigilance in the welfare of their people who are to be guarded by the said rulers with paternal watchfulness and care.

"If the degradation of His Excellency Li, means anything, showing real disapproval on the part of the Board of War, who would advise the Emperor in such a case, it may be the worst piece of business they have engaged in for many a day. Viceroy Li is a Chinaman and has long been regarded as the one man in the empire, who, if he had the mind to do so, could consolidate Chinese opposition to the present Tartar government and overthrow the dynasty. He has been cajoled and flattered by the government for many years and feared by it as well, and, if made angry by personal insult, would, at this juncture, lead a successful revolt. But that is merely 'Look see Pledgen' appears from the accompanying statement that larger powers and an immensely increased army is placed at his disposal and direction. This is probably only one of the strange phases of Chinese customs."

#### Cholera at London.

London, Aug. 8.—Four patients from the steamship Balmoral, which arrived at Gravesend yesterday from St. Petersburg, are found to be suffering from Asiatic cholera. The Balmoral has, upon arrival, reported that one of her seamen died the day previous of cholera.

#### A Dangerous Character.

MARSEILLES, Aug. 8.—An anarchist named Panell has been arrested here. He recently arrived here from America. In his possession was a valise full of dynamite. Panell was going to try to commit outrages.

## [SPORTING RECORD.] HAMMER AND TONGS

Jimmy Carroll and Andy Bowen Fight.

#### A TWENTY-FIVE ROUND DRAW.

#### THE BROOKLYN MAN HAD THE BEST OF IT.

Bunyan Races at Santa Barbara—Eastern Baseball, Races and Tennis—Gould Refuses to Accept a Prize.

Associated Press Leased-wire Service.

NEW ORLEANS, Aug. 8.—Jimmy Carroll and Andy Bowen met tonight for the second time in the presence of a large audience in the Auditorium Athletic Club and fought for a purse of \$300. Both men entered the ring in first-class condition, having trained carefully for many weeks. Both men weighed in at 130 pounds at the ring-side. Gloves were donned and time was called.

First round.—The men advanced to the center of the ring. Bowen knocked Carroll down and then landed a right on Carroll's face. Carroll missed a vicious return. In a hot rally in the center of the ring Bowen had the best of it and pushed Carroll through the ropes at the end of the round.

Second round.—This was a roaster, the fighting being fast and furious.

In each round to the ninth the fight was of very interesting character, neither party appearing to have any advantage materially.

Ninth round—Carroll struck Andy under the jaw, knocking him down. The fight continued to the twenty-fifth round, the contestants being fairly matched in the matter of giving and taking punishment.

Twenty-fifth round—Carroll seemed to have the best of the fight, and the opinion was very general that he would have won in a few rounds more, but the referee declined the right a draw and purse will be equally divided.

#### TENNIS PLAYERS.

Hall Wins One Match and Loses a Second

Associated Press Leased-wire Service.

BAR HARBOR (Me.), Aug. 8.—Play began in Mosley Hall at 11 o'clock this morning. The first match was between Hall and Stanley McCormick. Hall beat McCormick—6, 6, 6.

After a short rest Hall began his match with W. Gordon Parker. Hall in this match did not play in his usual good form, and did not have his eye on the ball, knocking it out of the court repeatedly. Parker won—6, 6, 6.

The last match of the day was between Ward and Shaw. Ward won—3, 6, 6-3.

#### A LONG RIDE.

Frank Devlin Reaches Chicago in Fourteen Days.

Associated Press Leased-wire Service.

CHICAGO, Aug. 8.—Frank E. Devlin, the amateur long-distance rider of Boston, who left there on July 21 in an effort to break the bicycle record between Boston and Denver, has reached Chicago. He is feeling well, and confident that he can accomplish the task which he has before him. He has been riding now about fourteen days, and has covered 1400 miles, about half the distance. On leaving Boston, he crossed Massachusetts, Vermont, and at Troy, N. Y., followed the Erie Canal towpath to Rochester, thence to Buffalo and Niagara Falls and through Canada, crossing the St. Clair River at Port Huron, and down to Detroit, and then through Michigan and Indiana.

#### NOT A SUCCESS.

The New York Yacht Club's Race Ill-timed.

Associated Press Leased-wire Service.

NEW YORK, Aug. 8.—The race for the semi-centennial cup, offered by the New York Yacht Club must go on record as an unsatisfactory one, so far as the spectators were concerned, for, after waiting seven hours for a breeze, they saw the start of the race at 4:40 o'clock p.m. and started back to the city. The committee was unable to decide whether to postpone the regatta for another occasion until the wind came, and so let the signal sail a sail right. A telephone message from Glen Cove at midnight made the winners in the various classes: The Emerald, Ariel, Elsie-Marie, Ivanhoe, Queen Mab, Wasp and Minerva.

#### THE BOXERS.

Jack McAuliffe and Young Griffon to Meet.

NEW YORK, Aug. 8.—The Seaside Athletic Club has announced that its second boxing and wrestling tournament will be held at West Brighton, Coney Island, on the night of Monday, August 27.

Plans have been arranged providing for three boxing and one wrestling bout. The boxing match of chief importance will be between Jack McAuliffe and "Young" Griffon, the Australian. The men will box ten rounds at catch weights, and will spend the next three weeks preparing for the contest.

#### EASTERN BASEBALL.

Stevitt Knocked Out of the Box by the Phillies.

Associated Press Leased-wire Service.

BOSTON, Aug. 8.—Stevitt was knocked out of the box in the third inning.

Boston 10, base hits 10, errors 3.

Philadelphia 18, base hits 22, errors 3.

Batteries—Stevitt, Staley and Ganzel; Harpell and Buckley.

Umpire, Garney.

BROOKLYN-BALTIMORE.

BROOKLYN, Aug. 8.—Brooklyn lost two games to Baltimore today.

First game: Baltimore 4, base hits 4, errors 0.

Brooklyn 1, base hits 4, errors 4.

Batteries—Gleason and Robinson; Daly and Kennedy.

Score: Baltimore 13, base hits 12, errors 3.

BROOKLYN 5, base hits 10 errors 2.

Batteries—Robinson and Easler; Summerville, Daus and Kinslow.

Umpires, Lynch and Easler.

PITTSBURGH-CLEVELAND.

PITTSBURGH, Aug. 8.—In the ninth inning O'Connor caught a ball thrown to Sudden and threw it over the grandstand, for which Zimmerman was declared out at third. Tebeau was sent to the bench, but refused to leave the game.

Pittsburgh 10, base hits 11, errors 0.

Cleveland 3, base hits 10, errors 3.

Batteries—Sudden and Eshet; Petty and Zimmerman.

Umpire, Hoagland.

CINCINNATI-CLEVELAND.

CINCINNATI, Aug. 8.—Such a game as the Colts played today would have disgraced any amateur team. They went to pieces

on their fearful fumbling, wild throwing and muffs, and allowed the Reds to pile up runs.

Chicago 11, base hits 19, errors 8.

Cincinnati 14, base hits 17, errors 6.

Batteries—McGill and Stratton; Kettredge, Schriver, Murphy and Dwyer.

Umpire, McQuaid.

WASHINGTON—NEW YORK.

WASHINGTON, Aug. 8.—Meekin pitched during the four innings, but was wild. He gave way in the fifth to German, who lasted one inning. Westervelt finished the remainder of the game and was effective.

Washington 12, base hits 15, errors 3.

New York 10, base hits 13, errors 5.

Batteries—McGuire and Meekin; Meekin, German, Westervelt and Wilson.

Umpire, McQuaid.

WHEELER AND TONGS.

WHEELER, Aug. 8.—Wheeler pitched during the four innings, but was wild. He gave way in the fifth to German, who lasted one inning. Westervelt finished the remainder of the game and was effective.

Washington 12, base hits 15, errors 3.

New York 10, base hits 13, errors 5.

Batteries—McGuire and Meekin; Meekin, German, Westervelt and Wilson.

Umpire, McQuaid.

WHEELER AND TONGS.

WHEELER, Aug. 8.—Wheeler pitched during the four innings, but was wild. He gave way in the fifth to German, who lasted one inning. Westervelt finished the remainder of the game and was effective.

Washington 12, base hits 15, errors 3.

New York 10, base hits 13, errors 5.

Batteries—McGuire and Meekin; Meekin, German, Westervelt and Wilson.

Umpire, McQuaid.

WHEELER AND TONGS.

WHEELER, Aug. 8.—Wheeler pitched during the four innings, but was wild. He gave way in the fifth to German, who lasted one inning. Westervelt finished the remainder of the game and was effective.

Washington 12, base hits 15, errors 3.

New York 10, base hits 13, errors 5.

Batteries—McGuire and Meekin; Meekin, German, Westervelt and Wilson.

Umpire, McQuaid.

WHEELER AND TONGS.

## A CRISIS AT HAND.

The Mayor of South Omaha  
Asks for Aid.

## STRIKERS ARE MORE UGLY.

BUSINESS MEN SWARING IN  
AS DEPUTIES.

A Fight at La Salle—The Mahoning  
Valley Mills Firing Up—An  
Italian Mob at Carbon  
Hill, Ill.

Associated Press Leased-wire Service.

OMAHA, Aug. 8.—The crisis arrived to-night, if there is no improvement by morning several companies of militia will be sent to South Omaha and the packing-houses district placed under martial law. The situation is most serious to-night and the 1500 strikers have been doing about as they pleased. At 6 a.m. they forced the picket-line that has for forty-eight hours surrounded the packing-houses, under the walls of the big buildings and the number was increased by the addition of several hundred men.

At 8 o'clock Major Johnson of South Omaha went before the Omaha Police Board and asked that a detail of police be sent there as he was powerless to control the lawless element. He said he had driven all over the city to-night and found gangs of strikers patrolling the streets waiting for some of the workers to turn up on their way home. He has found gangs of from fifty to seventy-five strikers all armed with clubs. The local police force was powerless to cope with these organized mobs and unless some radical measure was taken to suppress the disorderly element there would be men murdered and buildings would be in ashes before morning.

He was informed that the Governor was in consultation with the packers with a view to putting the district under martial law, and concluded to await his action. The packing-house managers had a conference and at its close Cudahy notified the Adjutant-General that unless the workmen could be given better protection all striking-mobs would be compelled to close down tomorrow. He said that managers do not like evidence against their plan by keeping them at work while their men were in danger of assault. Every fresh assault, they claim, increases the seriousness of the situation and they believe that there is but a step from violence toward the men to violence by the packing-houses.

In the evening the Governor and Adjutant-General met the packers to carry on the matter. The packers declared that the situation was most critical and the Governor finally concluded to do nothing until morning, and then if there was no improvement, to call for troops. Gen. Gage is on the scene tonight keeping a close watch on the situation. He is in constant communication, not only with the managers of the several packing-houses, but with prominent leaders of the strikers. If it shall be decided that it is necessary to call out the State troops the two companies in Omaha will be first brought into service, and, if more are needed, the companies from York, Lincoln, and other points within a quick running distance from Omaha will be summoned.

Here in Omaha the Adjutant-General has a standing arrangement designed to expedite the movement of Omaha guards and Thurston Rifles in case the State needs their services. The company managers are required to keep the men in their squads and constantly in reach of telephones or quick messenger service. All that is necessary is to notify the sergeant that the company has been ordered into service and the men will be summoned to the arms at Omaha an hour. It is believed that both Omaha companies could be thrown into South Omaha within two hours, if necessary.

Many employees tonight, on their way

from their work were assaulted by strikers, who were stationed at all points to intercept them. Many of the men who left the plant last night and were unable to sleep were unable to return to work today. In some instances their houses were watched by strikers and they were afraid to venture out. Men who were on their way to work were turned back by strikers and not allowed to pass the strikers' picket lines.

In one instance three policemen were unable to escort one of the night tankmen to his home. A mob of 100 or more strikers would not permit them to pass, and the laborer had to return to the plant and stay there. A number of the most prominent citizens, merchants and other business men, were called on this evening and were asked to act as deputies. Many signified their willingness to do so, and met this afternoon in the

borrowed money the militia who were in service during the strike. In order to secure it he must give his own note, and has decided to raise it in this way, trusting the Legislature to return it.

The amount required is about \$45,000. He assumes the responsibility, saying, because many of the soldiers lost their work or are out of work, and if they are not paid they will be made the victims of the money-lenders, who will cut their claims in two.

NO ROOM FOR POLES.

IRONWOOD (Mich.) Aug. 8.—The Cory and West Ore mines have closed down for the season. The employees were given places at the Norrie mines. The mines will not take back a striking Pole under any consideration, and the Poles are leaving, convinced that they cannot obtain a living here. A meeting of the miners was called to get places where the end of the strike was, at which highly-inflammatory speeches were made, but strong forces of well-armed sheriffs control the situation, and restrain an outbreak.

## THE SPRING VALLEY MUDDIE.

SPRING VALLEY (Ill.) Aug. 8.—The miners held a meeting today in the open air to hear the report of the committee sent to Manager Dalzell, with a proposition to accept the Columbus scale without conditions. The committee reported that Dalzell would not accept. A motion was then made not to treat or recognize Dalzell as a representative of the Spring Valley Coal Company, which was carried. It is to be noted that the miners will not settle unless President Taylor comes in charge of the strike.

Gen. Hart said that last night, after Worden had gone to bed, he was visited in his cell by a couple of men who tried to tell him what somebody else was saying. Hatch also had been approached in the same way. Worden, who was pacing up and down the courtroom, spoke up hotly and with violent gesticulation, saying, "That's so, he's a yardmaster, his name is on the back of that paper," pointing to a ship in his attorney's hand.

Worden exonerated Sheriff Wickoff of the master and said Deputy McMurray did it. McMurray denied it.

TRINIDAD (Colo.) Aug. 8.—Trouble has again broken out with the Aguilar mines of the United Coal Company. This morning the miners walked out refusing to do any more work unless they were paid 50 cents of 50 cents per ton. They have been getting 60 cents for screened coal which price the men claim is not equal to that paid at other mines in this region.

## RESISTED ARREST.

Deputy Sheriffs in Conflict With Polish Miners.

LA SALLE (Ill.) Aug. 8.—In resisting arrest Joseph Schurman, a Polish miner, was fatally shot this morning, and two deputy sheriffs were wounded with saber strikes. Deputy Sheriffs Thomas Hanley, A. A. Colley, and Michael O'Brien, and Thomas Brennan surrounded Schurman's house to prevent an escape. Schurman having twice before got away from the officers. He is a desperate character, wanted for the part he played in the riots in the Union shaft six weeks ago.

An entrance was forced into the house, and the sheriff's men surrounded the younger and older Schurman and their wives, armed with cavalry sabers. A determined effort was made by the deputies to disarm their opponents, and it was not until A. A. Colley had been dangerously wounded that they resorted to the use of firearms. Three shots were fired, and Schurman, who was mainly wounded. The miners in the neighborhood rushed to the scene of the disturbance. The militia's prompt arrival saved the lives of the deputy sheriffs, who were surrounded by the angry mob, many of whom were armed. The militiamen used bayonets to disperse the mob. The anarchist element are vowing vengeance against the deputies.

Carroll Cook handled the witness a telegram signed "F. W. Maddleay, acting secretary," and asked him to compare it with the Willows dispatch. After a little hesitation the witness recited he believed the telegraph was received it was carelessly copied with the exception of Knox's signature, but the expert shook his head dubiously as there was not a close resemblance.

Judge Armstrong, who has been the leader of the prosecution, made his first appearance as an active participant in the proceedings of the court this afternoon. Gladwin offered to make a compact to against an argument by Judge Armstrong as he was not an attorney or record, but he was allowed to proceed. In discussing the question the Judge reviewed the whole history of the strike and gradually worked up to the point at issue and quoted various legal authorities to establish the conspiracy and the connection of F. W. Maddleay, acting secretary of the A.R.U., with it. The court then adjourned.

Worden wrote the following today for the press:

WOODLAND, Aug. 8.

All papers: I do positively a statement in a San Francisco paper today that I have been arrested and am held in custody, or through any one. An so-called confession must be similar to the one which Dist.-Atty. Head of Yolo county said I made to him, or wanted to. I know nothing of this murder, so I have none to make.

(Signed) S. D. WORDEN.

Marshall Baldwin was here today and informed that Knox, Mullin and Compton, as soon as the present charge against them was dismissed, they would be re-arrested on a charge of obstructing the United States mail. Appelman, or "Texas" the man upon whom much suspicion rests, has been brought to Woodland today by the Sheriff of Modoc county. Attorney General says the prosecution is disappointed, and that the supposed Appelman is not the man wanted.

AN APPEAL FOR AID.

OAKLAND, Aug. 8.—Circumstances

sept out today from the West Oakland headquarters of the American Railway Union seeking financial assistance for the families of men who have been cut out of work since the strike. The circulars merely state that the families of some of the men are becoming destitute, and that a committee will call on any citizens that may be willing to make donations.

It is stated that many of the families are absolutely without means of support.

Most of the strikers had little money when they went out, and those who could

bard the witness and engine with rocks, pits, etc. Witness was hit on the hand. Just before Clark took the stand, Gen. Hart called something to a session of the court to make an order directing the Sheriff not to allow railroad detectives admission to talk to his clients.

Gen. Hart said that last night, after Worden had gone to bed, he was visited

in his cell by a couple of men who tried to tell him what somebody else was saying.

Hatch also had been approached in the same way. Worden, who was pacing up and down the courtroom, spoke up hotly and with violent gesticulation, saying, "That's so, he's a yardmaster, his name is on the back of that paper," pointing to a ship in his attorney's hand.

Worden exonerated Sheriff Wickoff of the master and said Deputy McMurray did it.

TRINIDAD (Colo.) Aug. 8.—Trouble has again broken out with the Aguilar mines of the United Coal Company. This morning the miners walked out refusing to do any more work unless they were paid 50 cents of 50 cents per ton. They have been getting 60 cents for screened coal which price the men claim is not equal to that paid at other mines in this region.

not return to work on the railroad or find other employment will have to look to the union and the public for assistance.

All the merchants with whom the men trade in West Oakland refused to give credit when it was found that the men had no prospect of returning to work.

Representatives of the union have called upon several of the city officials, asking them to use their influence to secure employment for the railroad men who are unemployed.

At the head-quarters in West Oakland the union men said that there are about twenty families who are greatly in need of assistance. The union is helping these as much as it is able to, but the public must be looked to for assistance until the men can get work.

WALKED OUT.

TRINIDAD (Colo.) Aug. 8.—The Hawkway Company closed its doors today. It is one of the results of high pressure in corn. The company is supposed to have done a regular bucket-shop business and a long line of customers are complaining of heavy losses in margin and profits. Suits aggregating \$7000 were filed tonight.

The company came to Omaha a year ago and opened up elegant offices. The officers of the company were D. D. Fraze, H. D. Booge, vice-president; James F. Booge, secretary and treasurer.

James F. Booge, secretary and treasurer, has come from Sioux City and have good references. The managers cannot be named.

One of the employees of the firm gave it as his opinion that they were hiding in the city, but another thought they had left the city.

DEAD SHOTS.

Two Men Kill Each Other Over a Jug of Whisky.

Associated Press Leased-wire Service.

TULSA (I.T.) Aug. 8.—The Shawnee war dance, which has been running for the past five days eleven miles north of here, has been the scene of a double tragedy.

Frank Gennett, a prominent business man of Seminole, Okla., and Leon Kennedy of Oologah, Cherokee Nation, began quarreling over a jug of whisky, which Seminole had broken by shooting into it. Both began firing their Winchesters at each other and both are dead.

A LA CRAIG.

William Evans Shoots His Wife, Her Uncle and Himself.

PHILADELPHIA, Aug. 8.—William N. Evans of Frankford suburb shot and killed Louis Hecht at the latter's home today. He then shot his wife, Eva Evans, through the neck, fatally wounding her, and afterward killed himself with the same revolver.

Evans was a shiftless fellow, and his wife left him and went to live with the family of her uncle, Louis Hecht.

She was preparing breakfast today when the husband forced his way into the house and began firing.

NOT SO FUNNY.

Farmer Sunderland and His Dog Toy With Dynamite.

Associated Press Leased-wire Service.

BRAZIL (Ind.) Aug. 8.—A train-crew

discovered bridge No. 3, miles north of this city, on the Chicago and Eastern Illinois, on fire. Considerable damage was done before the flames could be extinguished. Another bridge west of this city, on the old Peavine branch of the Eastern Illinois system, was destroyed by fire. This stopped all traffic on this section of the road.

Repairers were immediately put to work and it was some time before the north bridge was repaired sufficiently for a train to pass over it. Late last night a report was received that another bridge was reported to be under construction. The fire has created much apprehension, and watchmen will probably hereafter be stationed at the principal bridges along the line.

William at Osborne.

COWES, Aug. 8.—The Emperor of Germany dined with the Queen at Osborne this evening. The Prince of Wales and the Marquis and Marchioness of Bute were present. The Queen was received by the Queen of the Netherlands, who was accompanied by the officers of the British, German and United States naval vessels in the harbor. Emperor William will bid farewell to the Queen Sunday. He will go to Aldershot Monday to review the troops.

AN ASTONISHING FIND.

MOSCOW (Colo.) Aug. 8.—The most surprising strike from Wall Street gold has been made in the Annie Lee, fifteen miles east of here, by the Fuller Bros.

Assays have been made with the astonishing result of \$42,000 per ton.

William at Osborne.

## THE DEMOCRATS AND THE TARIFF.

On top of the scandal in connection with the sugar tariff comes a report from Omaha that distillers have private advices in regard to the tariff bill, and are shaping their business accordingly. There are a good many people who begin to believe that this whole Democrat tariff business has developed into something like a great game of speculation in which there are big prizes for those who care to feather their nest in this manner.

If anything were needed to show that the Democratic party, as it exists today, is not capable of managing the affairs of this great country—that it no longer truly represents the people of the country or the better spirit of the age—that something has been furnished by the course of the party in its dealings with the great question of protection to American industries. Having succeeded, during a period of temporary aberration on part of the people, in knocking out for a brief time that great party which has done so much to make the United States great and prosperous, the Democrats came into power with a great flourish of trumpets in regard to the manner in which they were going to reform the tariff—and everything else. What have they accomplished? As we showed recently, the business of the country has been steadily declining ever since they came into power, and now, after they have enjoyed almost unlimited power for two years, the country probably is in the worst condition that it has been within the memory of the oldest inhabitant. As to the tariff question, in regard to which the Democrats made the greatest promises, so far absolutely nothing has been accomplished. When we say nothing has been accomplished, we should modify the statement by saying that nothing of a useful character has been accomplished, for the tariff discussion has accomplished this much—it has bred more scandals and brought Congress into greater disrepute among the people than resulted from a quarter of the century of Republican rule.

The people of the United States are anxious for the day when they can go to the polls and express their opinion of this party of great promises and small performances. It is no wonder that the Democrats on all sides are endeavoring to make an alliance with the Populists, nor is it surprising that even the latter refuse to have anything to do with such a sinking craft.

ALL THE-YEAR-ROUND RE-SORT.

It is a subject of general comment among our citizens that Los Angeles is rapidly becoming a summer as well as a winter resort. For a number of years we have been accustomed to entertaining people from the interior portion of Southern California and from Arizona during the summer months, but this year our visitors come from greater distances—from the entire section east of the mountains. It is one of those common mistakes which so widely prevail regarding Southern California that the climate, while delightful in the winter months, is almost unbearable during the summer, owing to the excessive heat. This, as we all know, is a great mistake. Los Angeles and Southern California—or at least that part of Southern California near the coast—have as much right to fame as resorts in summer as they have in winter. Just contrast the weather that we have been enjoying during the past few months with that which has prevailed from time to time throughout the rest of the country. In all the great cities of the country, with scarcely an exception, prostrations from heat have occurred, and not infrequently work has had to be suspended for a time. Nothing of the kind is known here. It is true that once in awhile it gets a little warm in the middle of the day, but by going into the shade any one can become comfortable, something which is not possible in the humid atmosphere of the Atlantic Coast or Lake region. Another great advantage of our climate is the coolness of the nights, which makes a cooler and comfortable every night in the year. This is a great contrast to the weather which people are accustomed to

its supplement in spiritual bondage. The freedom of conscience is threatened."

The American people need to be watchful of enemies like these, who are seeking to poison not only the minds of our foreign population against us, but to subvert the judgment of our native sons so that they may stand with them as they attempt to destroy us. Let us be watchful, and guard against these foes, which are of our own household, and who have come to our shores not because they love freedom, but because they seek its overthrow.

## LEARNING A LESSON.

The men who were in such a hurry to follow Mr. Debs's instructions and go on a strike are beginning to find that such business is not all fun. Many of the Eastern railroads are refusing to take back strikers. At Cincinnati 1500 men are out of a job, at Chicago several thousand have applied in vain to be taken back, and at Omaha, where 1800 men struck last week in the packing-houses, the plants are run again as usual, with their full complement of men. The packers all say that they have nothing to arbitrate, and the military authorities declare that in case of disturbances there will be enough soldiers on the ground within thirty minutes to suppress any outbreak. The strikers have issued a circular, in which they state that they did not strike because they wanted to, but because they were compelled to do so. This is a very poor excuse for combinations, and therefore anti-Lindley. Coming from a ward where heretofore boss rule and ring methods have been in force and of greatest effect, this sentiment is significant, and looks very much like handwriting on the wall. The club referred to met last evening for the first time since the strike began, and the enthusiasm exhibited by its members was more marked than that shown at any similar meeting held this year.

The Seventh Ward Republican Club has declared itself as being opposed to combinations, and therefore anti-Lindley. Coming from a ward where heretofore boss rule and ring methods have been in force and of greatest effect, this sentiment is significant, and looks very much like handwriting on the wall. The club referred to met last evening for the first time since the strike began, and the enthusiasm exhibited by its members was more marked than that shown at any similar meeting held this year.

The Seventh Ward Republicans appear to be nothing if not energetic, and it is predicted that the stand they have taken will prove the rallying-ground around which other ward clubs will soon congregate. The club met last evening in Panorama Hall.

George W. Knox called the meeting to order at 8 o'clock. He stated that he saw many new faces among the audience, and, taking it for granted that the gentlemen were all residents of the Seventh Ward, he concluded that there were many new voters in the district this year. In times gone by there had been no ward club.

A few persons had gathered together and "put up" tickets and had them upon the voters. This state of affairs could not go on forever, and the Republicans finally resolved that they would no longer support bosses and ring rule, and that the Seventh Ward club was the result. The object was to do what seemed best in the interest of clean politics and good government.

Mr. Knox urged those present to stand by their colors and not allow any rings to put them in their noses. He had heard it boasted that the Seventh Ward was already promised in advance, and he was forced to say that if Mr. Webber of the Eighth Ward or Santa Monica gained control of local politics he would bolt the ticket.

A theater party from Hotel Redondo came up last evening to witness "The Butterflies" at the Los Angeles Theater.

Dr. H. Bert Ellis, accompanied by his wife, Dr. Lulu Ellis, went to San Diego yesterday.

Mr. D. B. Dunning and Mrs. L. Sundrum, of the Parkers, go to Redondo next week for a week's stay at the big hotel.

A quartette of young people, members of the Epworth Chautauqua Circle, made the ascent of Wilson's Peak last Saturday.

Mr. and Mrs. Frank Chaffee, of No. 512 West Ninth street, are spending a week at Catalina.

Mrs. D. Utley and Mrs. H. J. O'Malley, who have been spending a month at Carlsbad, are expected home next week.

Mr. and Mrs. Frank Hicks, two children and nurse, are at Hotel Redondo for a month.

Mr. and Mrs. O. W. Childs, Jr., return from a short sojourn at Santa Monica this week, and will take up their residence in one of the Colonial flats on Broadway.

THE GREAT NORTHWEST.

Meeting of the Improvement Association Tuesday Night.

The regular weekly meeting of the Los Angeles Northwest Improvement Association was held Tuesday evening at the hall on Sand street, with J. A. Craig, president, in the chair, and Harry Lee secretary.

Mr. Knox was then unanimously chosen as permanent chairman, and Mr. Moore secretary.

Other officers were elected as follows: Vice-presidents, Dr. G. A. Cutler, John McMillan, T. J. McClellan; treasurer, John Lovell.

The chair was authorized to appoint an executive committee.

T. J. Waldon, W. A. Hammel, Mr. Crane, J. Barrows, James Cusner and W. S. Redding made remarks in response to calls, all of which were well received. Mr. Redding is a recent arrival in the city, and he had much to say of interest.

At the conclusion of the speeches the meeting adjourned to meet again on Wednesday night next at the same time and place.

## A STUMBLING BLOCK.

The new election law is proving a source of considerable worry to the various candidates in the county and State and numerous committees have been appointed to prepare opinions upon its meaning and interpretation of the law and of the voter and office-seekers generally. The law is such a complicated one that it will be difficult for the candidates to avoid violating its provisions and still pursue an approach to the old methods and practices of campaigning.

It has always been customary for conventions to assess each candidate whose name might be offered a certain amount when he is opposed, but now it seems that this revenue will be taken away.

When the Populists held their convention recently, it was proposed to require a deposit of \$5 from the candidates. Upon an attorney gave as their opinion that such a proceeding would be illegal and contrary to the spirit and intent of the act.

The opinion was based upon the following provision:

"The shall be unlawful for any person, directly or indirectly, by himself or through any other person, to receive any money, or other valuable thing, before, during, or after election, on account of himself or any other person, to entitle him to be elected or to be chosen or to be appointed to any other office as the nominee or candidate of any convention, or organization, or delegation of delegates or other body representing, or claiming to represent, a political party or principle, or any club, society or association, or on account of himself or any other person having aided in securing the selection or endorsement of any other person, as a nominee or candidate as aforesaid."

The apparently iron-clad rule laid down may at least have the effect of inducing caution, for a breach of the law is attended by severe penalties, the least of which is removal from office.

A regular scale of expenses has been provided for, fixing the amount which each candidate may spend as legitimate election charges, at a certain per cent of the first year's salary in the case of the larger offices.

When the Republican Executive Committee met a few evenings since, a law committee was appointed to examine the law, and their report will be looked for with some interest and a little curiosity.

## PATTON WILL ACCEPT.

A few days ago a number of leading Democrats of the city, headed by H. W. O'Malley, sent the following communication to George S. Patton:

"We, the undersigned, Democrats of the Sixth Congress District, believing in the country at large, and this section in particular, that the representative in Congress from this district for the next two years shall be a man whose loyalty to the people and opposition to the selfish designs of monopolies and trusts shall be beyond question and recognition, do hereby, in your, earnestly request you to announce yourself as a candidate for Congress from this district, subject to the action of the Democratic Congressional Convention."

In reply Mr. Patton expressed his thanks in a short letter, stating that he was entering the race, and if given the nomination he would endeavor to secure the election.

Thus the doubtful point of the gentleman's candidacy is settled.

## POLITICAL MENTION.

On Monday evening the Los Angeles Re-

## FIELD OF POLITICS.

## Seventh Ward Republicans are Against Combines.

## NO BOSS NEED APPLY.

## THEM EMPHATICALLY DENOUNCE-RING POLITICS.

George S. Patton Will Enter the Race for the Democratic Nomination for Congress—The Republican Committee.

The Seventh Ward Republican Club has declared itself as being opposed to combinations, and therefore anti-Lindley.

Coming from a ward where heretofore boss rule and ring methods have been in force and of greatest effect, this sentiment is significant, and looks very much like handwriting on the wall.

The club referred to met last evening for the first time since the strike began, and the enthusiasm exhibited by its members was more marked than that shown at any similar meeting held this year.

The friends of Judge A. M. Stephens are quite ignorant over the report that is being circulated that he would not accept the chairmanship of the Democratic County Convention. They say that Judge Stephens's name will be presented, and that he will accept the position if it is given him.

## THE PUBLIC SERVICE

Weekly Meeting of the Fire Commissioners.

## THE USUAL ROUTINE BUSINESS

## ARRANGEMENTS MADE FOR FLUSHING SEWERS.

Men Will Be Employed to See That the Automatic Tanks Work Properly — At the Courthouse.

The Fire Commission acted on a few matters at the City Hall yesterday morning. In the afternoon Chairman Nickell, of the Sewer Committee, held a conference with representatives of the City Water Company, resulting in an agreement as to furnishing water for flushing the sewers.

## AT THE CITY HALL.

Fire Commissioners. THE USUAL ROUTINE BUSINESS DISPOSED OF.

The regular meeting of the Fire Commission was held yesterday morning, with all the members but the Mayor attending.

Applications of Michael Ward for an appointment as regular fireman, and of Charles J. Nasser for appointment as callman, were received and placed on file.

The requisitions and demands were read and were approved as presented, except a demand for a fireman, which was laid over for further investigation.

On motion of Mr. Brodrick, it was recommended to the Council that bids be advertised for furnishing barley and bran for the department for a term of one year, the present contract having expired.

A petition of H. R. Hanna & Co., asking that a fire hydrant be placed at Eighth and Hope streets, with a key at the Abbottford Inn, was referred to the Chief for report.

Commissioner McLain called attention to a corrugated iron structure being erected on the roof of the Newell & Rader Block on the west side of Broadway, between First and Second streets, in violation of the fire ordinance.

The Chief stated that he had ordered work stopped on it, but Mr. McLain said the work was still going on.

On motion the Chief was instructed to again order the work stopped.

The motion of Councilman Nickell, made at a recent meeting of the Council, to have a conference yesterday to place fire alarm boxes at certain locations on the East Side, which motion had been referred to the board, was referred to the Chief, as was also a request of the Council that a fire hydrant be placed at Hutton avenue and Pearl streets.

The board then adjourned.

## Flushing the Sewers. A TEMPORARY ARRANGEMENT HAS BEEN AGREED UPON.

Chairman Nickell of the Sewer Committee had a conference yesterday with Secretary Mott, Superintendent Muholand and Mr. Brodrick of the City Water Company in regard to the supplying of water for flush tanks in the sewers.

Superintendent Muholand stated that the amount of water at present running through the tanks is much greater than it should be, yet it is not doing the work expected or needed. He recently made a test of the quantity of water used for the thirty-eight tanks in the hill district and found it to amount to 300,000 gallons in twenty-four hours. That amount is greater than the company can afford to furnish, yet it is doing but little good. A small stream of water running into a sewer will help, but little, and it is not doing what it should. It may have collected while an amount of only a part of the aggregate daily volume poured in all at once will be much more effective in cleansing the sewage channel.

Theoretically the flush tanks each use about 500 gallons of water per day and are so arranged that a small stream of water running into one of them will collect for a period of about twenty-four hours, when a hydrostatic arrangement will cause the whole amount collected to discharge in a mass.

In practical working, however, there are found to be three particulars, a failure of any one of which will cause a failure in the entire working. In the first place a stream of the size needed is so small as to become easily clogged. In the second place, is the likelihood of a tank in the entire system from filling to the point required. Thirdly, there is the chance that the tank will not discharge as it should.

He suggested that some man in the employ of the city, who would be satisfactory, be permitted to have a key to the necessary water connections and be employed to attend to the flushing.

Councilman Nickell suggested that such a man could take perhaps a dozen tanks at a time, and in regular order start the water running into each of them. After so doing, he could go to the first, which by this time would probably be full, and see that the tank is filled and properly dumped, after which he could lock the water connection and go to the next one and so on.

City Engineer Doolittle suggested that a large-diameter pipe, as for instance, one of one and one-half inches diameter, be extended to each flush tank. With such an arrangement and with a faucet of the proper size the tank could be filled in perhaps three or four minutes, and the man attending to the matter could stay there till the tank is dumped and then lock up and go to the next, when he would lock up again.

After some further discussion, it was agreed that, for a time at least, the city will employ a man who will be furnished the necessary key by the City Water Company, and the man will make it his business to attend to the flushing, and keep the water shut off when not needed. The Street Superintendent, who was present, was instructed accordingly.

## Board of Equalization.

At the meeting of the Board of Equalization yesterday William H. B. Hayward

was heard in behalf of a petition from Leo Alexander & Bro., stating the firm was assessed both in San Francisco and Los Angeles on thirty installment contracts on typewriters, amounting to \$1000 in the aggregate. Inasmuch as the firm was assessed in San Francisco for them it was asked the same property be not assessed for them in this city.

After acting on a few other petitions the board adjourned till this morning.

## HIGH SCHOOL VENTILATION. THE CONTRACT AS IT WAS FINALLY AGREED UPON.

The contract for the placing of a heating and ventilating system in the High School was drawn yesterday, and it is expected the required bond will be furnished today.

The contractors are Messrs. John C. Stewart and Thomas F. Savage.

One change was made in the proposal as accepted, which proposal was to furnish the material and do the work for \$8675. The kind of engine and boiler proposed to be put in was stricken out, and in its place was inserted what is known as a J. B. Root engine and boiler, for which \$600 is allowed. In addition to the price proposed, the contractors will furnish the materials for all work above the basement in the building to be completed by September 11, and the whole work is to be finished by November 20. In regard to the payments, it is provided that \$1500 shall be paid the contractors upon completion of the part of the work above the basement. On October 11 they are to receive \$450 and 75 per cent. of the estimated cost of all work done to that time. At the completion of the whole work they are to receive all but 5 per cent. of the total amount. This 5 per cent. is to be withheld for a period of thirty days, so that if the work is found to be faulty, or if it be found not to do what the specification calls for, the expense of putting it in proper order may be withheld from that amount.

Payments are to be made only upon the certificates of the architect that the requirements for the same have been complied with.

## CASTELAR STREET OPENING.

THE CITY IS CONSIDERABLY AHEAD ON THE PROPOSITION.

A rather peculiar situation has come about in connection with the opening of Castelar street into Bellevue avenue, in that, instead of it being an expense to the city, the municipal corporation is \$1200

in excess of what is due.

The object of the specifications required by the architect is to direct the attention of the court to the particular point on which the evidence is claimed to be sufficient, and when this object is accomplished they will be held sufficient.

(McCullough vs. Clark, 41 Calif., 299; Newell vs. Desmond, 63 a.c. 242.)

The specifications complained of are, in substance, not unlike those approved in the case of C.P.R.R. Co. (77 Cal., 82) and are, therefore, not likely to be difficult to state in more specific terms, the particular points of insufficiency on which the moving party proposed to rely in its proceedings for a new trial.

In our opinion, therefore, they must be held sufficient to meet the requirements of the statute.

Besides, the record contains no statement of any of the evidence given at the trial, and, in fact, as we know, it may have been such as would have been offered by the court, under the provisions of sec. 662 (C.C.P.) to grant a new trial on its motion, without any application therefor. But the rule is well settled that all intentions are in favor of the regularity of the action of the court below, and that error will never be presumed, but most affirmatively appear in the record.

We advise that the order appealed from be affirmed.

## COBLER GETS FIVE YEARS.

In Department One yesterday morning Judge Smith heard the motions in arrest of judgment and for a new trial in the case of A. Cobler, recently convicted of having embezzled money which he collected while a field deputy by County Assessor Gray.

The chief point relied on by the defendant's counsel was that, as Cobler had been legally appointed, he could not collect money for the county, and had not, therefore, technically embezzled from the county.

Judge Smith, however, expressed himself as of the opinion that the points made by the defense were not well taken, and called upon Cobler to state whether or not any good and sufficient reasons existed why sentence should not be passed upon him.

He then stated to defendant's counsel, who made an eloquent speech in behalf of the court, that he felt most deeply for the wife and children, who really had to suffer more than the man who went to State's prison.

It was more than an ordinary official. Such an act was a violation to our civil institutions. It is a more serious offense in a country like this than in a country with a one-man power. The defendant betrayed the trust reposed in him. It was not a question of the sum of money, but the character of a public trust, that was involved. It is a violation to the government, in mercy to our institutions this must stop. There is no question about the defendant's previous good character. In the judgment of the court there has been no mistake made in the verdict.

Cobler, who wept copiously during this trial, was therupon sentenced to imprisonment at San Quentin for the term of five years.

The trial of John Shaffer for leave to lay a private pipe line from his artesian well for the purpose of supplying the residents of Compton with water, was referred to Supervisor Hay for investigation.

## NEW SANITARY ORDINANCE.

THE USUAL ROUTINE BUSINESS AT TENDED TO.

At the meeting of the Board of Supervisors yesterday, the following routine business was transacted:

The petition for the vacation of a road in Painter's right of certain blocks in Painter & Ball's subdivision at Pasadena was granted upon the usual conditions.

The First National Bank of Pasadena having notified the board that it intended to take the \$20,000 worth of school bonds upon its books, the board voted to accept the same.

The petition for the vacation of Flower street, at the request of Mr. Cobler, was granted upon the usual conditions.

The trial of John Shaffer for leave to lay a private pipe line from his artesian well for the purpose of supplying the residents of Compton with water, was referred to Supervisor Hay for investigation.

## WILL SERVE TEN YEARS.

A meeting of the Board of Health has been called for this afternoon, at which time it is expected to bring before the board a draft of a proposed new ordinance regulating sanitary matters. The new ordinance is intended to embody the provisions of three or four ordinances now in effect, and to remedy certain defects in the wording of some of them. It will also contain some new requirements deemed necessary for the enforcement of the same.

## THE NEW TELEPHONE COMPANY.

Martin Marsh of the new telephone company said yesterday that a man is on his way from New York, who, after arrival here, will set to having samples of the new kind of telephone to be used up when the public will have an opportunity to test them and see what they are.

## FIRE ALARM CARD.

Chief Moriarty is getting out a new fire-alarm card, containing a list of all the fire-alarm boxes in use and a blank space in which to be inserted from time to time the new boxes that are put in.

The card will be neatly printed and of a substantial character.

The requisition for the cost has been approved by the Fire Commission and will be before the Council Monday.

## AT THE COURTHOUSE:

## THE COURTS.

SUPREME COURT OPINION RECEIVED FOR FILING.

The Superior Court has affirmed the order of Judge Clark, granting a new trial in the matter of the contest over the estate of Emily R. Yostman, deceased, for the reasons given in the following opinion, which was received by Deputy Clerk Seaton yesterday for filing in this city. The opinion was written by Commissioner Belcher and concurred in by Commissioners Sears and Haynes and Justices Harrison, Garoutte and Van Fleet:

Emily R. Yostman died in the county of Los Angeles, leaving an alleged last will, which was dated March 4, 1883. The respondents filed in the court below the said will and their petition, asking that the same be admitted and contested the probate thereto upon the grounds, among others, that its execution was procured by the undue influence of certain persons, none of whom were named therein as legatees of executors. A general denial of all the allegations contained in the written grounds of opposition was filed by respondents.

By agreement the issue as to the alleged undue influence in procuring the execution of the will was submitted to a jury, and by their verdict the jury found in favor of appellant on that issue. Subsequently, on motion of respondents, the court made and entered its order granting

a new trial of the contest, and from that order this appeal is prosecuted.

The notice of the motion for a new trial stated that the motion was made upon the minutes of the court, and upon the ground that the evidence was insufficient to justify the action of the Appellate Court, and this is the only ground made for a reversal—that the notice did not properly or at all specify the particular facts in which the evidence was alleged to be insufficient, as required by subdivision 4 of sec. 659 of the Code of Civil Procedure, and that the motion should, therefore, have been denied.

The specifications contained in the notice

John B. Lane of Canada, and Oscar Stark of Germany.

Judge McKinley yesterday ordered judgment for the plaintiff in the case of Seiena King vs. Ralph Rogers et al., amending a decree by which Rogers attempted to quiet his title to a third party, quieting plaintiff's title to said lot, and awarding her \$100 damages.

The plaintiffs in the case of A. Davis vs. J. Davis and M. K. Osborne vs. H. M. Osborne, two actions for divorce, were granted decrees as prayed for by Judge McKinley yesterday. The defendant in each instance submitted to a default.

New Suits.

Among the documents filed with the County Clerk yesterday were the preliminary papers in the following new suits:

G. H. Saunders et al. vs. J. G. French et ux.; action to recover \$225.50 alleged to be due on a deficiency judgment.

Mary M. Hayes vs. Alice E. Clemens et al.; action to foreclose a mortgage on lot 16, block 20, California Co-operative Colony tract, for \$150.

Re insolvency of Jules Burgoyne; petition by debtor. Liabilities, \$1127.40; assets, \$260.

William L. McGrail vs. Louisa Naud; action to recover possession of the SB 1/4 of sec. 21, T 3 N., R. 11 W., for \$1000.

A. V. R. Scheerer vs. Thomas A. Chase, administrator; action to have certain property in the hands of defendant declared a trust, and to obtain an accounting.

estate of Hiram Burrill, deceased; petition of Sherman Smith for letters of administration to the estate of defendant, who died in Somerset county, Me., on November 5, 1891.

THE EAST SIDE.

Meeting of the Y. P. S. C. E.—News and Personal Notes.

The Young People's Society of Christian Endeavor of the Congregational Church held its regular monthly business meeting on Tuesday evening when the reports of the various officers and committees were submitted. The society was shown to be in a good condition with twenty-five active and quite a number of associate members.

At the close of the session watermelons were introduced and the balance of the evening was spent with the most approved diversion for social gathering.

The ladies of Santa Monica will be entertained this evening at the North Beach Pavilion in Santa Monica this evening and the affair promises to be an interesting and memorable event.

Preparations are complete for the banquet given by the citizens of Los Angeles to Col. W. R. Shafter and the officers of the First Infantry which will take place at the North Beach Pavilion in Santa Monica this evening and the affair promises to be an interesting and memorable event.

The colonel met yesterday afternoon at the home of Mr. and Mrs. Gray on Wells street and several more special cars will convey the banqueters to Santa Monica on the 5:15 train, and a special train will bring them back to this city at the conclusion of the affair.

The ladies of Santa Monica will be entertained the room where the banquet is to be held. The room is to be given to the ladies of the various clubs and organizations, and a number of interesting specimens.

Replies to toasts will be made by the following gentlemen: Col. W. R. Shafter, Judge R. M. Widney, J. M. Crawford, J. S. Slanson, Judge Lucien Shaw, J. E. Lemke, and A. Mooser.

The menu cards, which will be especially designed for the occasion, are in the form of a little card containing a silk purse.

Tickets for the banquet can be obtained from the rooms of the Board of Trade or Chamber of Commerce and from the Committee on Management.

## FOR YOUR SUMMER OUTING.

## Visit Hotel del Coronado.

Fall particular cheerfully furnished at the Coronado Agency in Los Angeles, 12 North Spring Street.

## THE MILITARY BANQUET.

It promises to be a most memorable event.

Preparations are complete for the banquet given by the citizens of Los Angeles to Col. W. R. Shafter and the officers of the First Infantry which will take place at the North Beach Pavilion in Santa Monica this evening and the affair promises to be an interesting and memorable event.

## IN ACCORD.

Great Britain Co-Operates With the United States at Bluefields.

Associated Press Leased-wire Service.

LONDON, Aug. 8.—(By Atlantic Cable.) The Associated Press is informed from an official source that Great Britain desires to act entirely in accord with the United States in Bluefields, Nicaragua. Great Britain will refrain from any interference except so far as is considered necessary for the preservation of British life and property and to maintain treaty obligations. Instructions to this effect have been sent to the commander of the British cruiser Mohawk, Capt. C. Stuart.

The Times states that the British are en route to England in order to negotiate modifications of the Clayton-Bulwer treaty. In this connection the Times says it is not likely that the United States will take steps to abrogate the treaty which is considered satisfactory in order to maintain the neutrality of the Nicaragua.

## A CRITICAL JUNCTURE.

NEW YORK, Aug. 8.—The Associated Press correspondent writes that the Nicaraguaans are unanimous in the view that the American is more involved than ever and that Capt. O'Neill and Summer have telegraphed to the Secretary of State at Washington for instructions. Gen. Cabezas arrived off Bluefields on July 31, coming down the river from Rama with 600 troops in American launches, belonging to the Mohawk, Fruit and Trading Companies, and flying the American flag. The launches had been seized before Capt. O'Neill visited Cabezas and compelled a surrender, as well as a written promise to punish those who would not be touched again. Nevertheless he was captured during the night and the crew compelled to man the boats at the point of the bayonet.

Cabezas claimed that they were Nicaraguan property, and that the crews went willingly and were paid for their services. Capt. O'Neill refused to believe the story, especially the claim that the American cruiser Mohawk, sent his men ashore to aid the American soldiers in guarding fortifications.

The Nicaragua plan was to take the town without bloodshed by sending a large force, 500 men coming from Greytown as well. This was easy, as Clarence did not intend to offer resistance, and, besides, had no force or allies to give battle if he had so desired. On August 1, Cabezas sent a note to Clarence demanding an immediate truce, and all men were岑 was not found for some hours and when he received the note he asked for twenty-four hours in order to lay the matter before the provisional council. The delay was granted, and up to the week the answer had not yet been given.

## A FIERCE FIRE.

A Block Burned in a Chicago Suburb—People Hurt.

CHICAGO, Aug. 8.—A fierce fire broke out in the business portion of the North Side suburb of Rogers Park at 10 o'clock today. The fire was 3000 yards control and resistance was made from Evanston and other neighboring towns.

At 12:30 the fire was under control. An entire block on the east side of North Clark street, between Jackson and Greenleaf, was destroyed, including eight stores and six dwellings. Mrs. Dr. D. Burkhardt and daughter, who lived over Burkhardt's drug store, were severely burned, and the policeman who carried them from the burning building was badly injured. The loss was about \$50,000; partly insured.

## IN DANGER OF DESTRUCTION.

OSKOSH (Wis.), Aug. 8.—The village of Winnecon, eighteen miles west of here, is in danger of total destruction by fire. The flames, which started in the business cen-

ter, have already destroyed one-third of the business houses and dwellings, and are now working toward the lumber district. There is a strong wind blowing. Assistance has been sent from this city.

## ALOHA, LYDIA.

Uncle Sam Bids Adieu to the Hawaiian Monarchy.

NEW YORK, Aug. 8.—A World dispatch from Washington says that the republic of Hawaii has been formally recognized by the United States through the Secretary of State. The new government in Hawaii, it will be remembered, was set up July 1, 1893, the following day. Mr. Willis extended his recognition so far as it was within his power to the new republic. Mr. Willis's action has been discussed, but no decision was reached until today, when Secretary Gresham, under the direction of the President, sent a formal note to the Minister, approving his course.

Although the text of Secretary Gresham's letter has not been made public, it is understood that the President extended to the new government the hearty good wishes of the United States. The representatives of the deposed Queen started for Washington as soon as the new republic was proclaimed, and they have been here for several days endeavoring to interest the Senate Department to withhold recognition, and to insist that Liliuokalani be extended the assistance of the government in her efforts to regain power. The action today disposes of the whole question, and closes the unfortunate "diplomatic incident."

He welcomed the overthrow in favor of colonial free trade.

## The New Regime.

SYDNEY (N. S. W.), Aug. 8.—Premier Reid tonight addressed the electorate of this city. He announced his supporting policies of the government in her efforts to regain power. The action today disposes of the whole question, and closes the unfortunate "diplomatic incident."

A Bank's Capital Impaired.

PROVIDENCE (R. I.), Aug. 8.—The Limerock National Bank, incorporated in 1866, received notice from the Comptroller today that its capital had become impaired, and that it must either reduce its capital stock or assess its stockholders. The capital stock is now \$500,000. Shrinkage in securities is said to be the cause.

Hunting Her Husband.

CHICAGO, Aug. 8.—Dr. Lewis Talman has today received information that he will be served with a writ of habeas corpus by Detective Boyd, acting for the wife of E. B. Byers, who was taken from the detectives at St. Joseph, Mo. Byers is a Pittsburgh millionaire, who was kidnapped and hidden from his wife and friends.

Balfour Extraded.

BUENOS AIRES, Aug. 8.—Advices from Salta, capital of the province of that name, state that the federal judge of Salta has granted the extradition of James Balfour, the fugitive ex-member of Parliament, who is wanted in London to answer for the collapse of several financial societies.

An Outlaw Killed.

REYNOT (Mex.), Aug. 8.—Marcus de Luna, the most notorious outlaw of Northern Mexico, was killed forty miles south of here today by a detachment of Mexican soldiers. He was wanted for many murders and other crimes.

## WEATHER AND CROPS.

The Weekly Bulletin for Southern California.

Following is the weather and crop bulletin of Southern California for the week ending August 6, compiled by the Government Weather Bureau:

The temperature during the past week continued to range below the seasonal averages, a feature which has been a marked condition of the weather this season. The departure from the normal temperature was least during the early part of the week, when nearly a normal heat prevailed, the latter part, with coolness and consequent increase in the daily heat deficiency. Foggy or cloudy mornings are frequent in the coast districts, conditions which were detrimental to fruit-

ripening, but were of material benefit to beans, corn, and vegetables. Foggy weather was in abundance and was desired to accelerate ripening of fruits, and particularly to increase the saccharine qualities of beans, which are being harvested for sugar-making.

San Luis Obispo: The weather has been very warm. Peaches are maturing well; a few early beans have been pulled, and a good crop is expected.

Ventura county—Bardsdale: The weather has been very foggy, and was beneficial to corn, beans and potatoes.

Alta Loma—Pasadena:

Apples are ripening in a huge crop of

pears are doing well. and oranges are dropping some.

Orange county—Anaheim:pears are

are ripening well, and apricots are good.

San Bernardino county—Chino:pears are

are ripening well, and are

pears are ripening well, and

NEWS AND BUSINESS.

ABSOLUTELY PURE

## CHAMBER OF COMMERCE.

## WEEKLY MEETING OF THE BOARD OF DIRECTORS.

Libelous Statements in an English Publication Denied—A Grossly Exaggerated Letter Reflecting on the Fruit Industry.

The board of directors of the Chamber of Commerce met yesterday afternoon at 3:15 o'clock. There were present Directors Freeman, Forman, Patterson, King, Jones, Parsons, Cline, Eisen, Patterson, Jeune, Lankes, Cohn, McGarvin. President Freeman occupied the chair.

Frederick Stock and Andres Machado were elected to membership in the chamber.

The Committee on Statistics, through its chairman, Director Patterson, offered the following resolutions, which were passed by unanimous vote:

"Whereas, The Investor's Review, a monthly journal published in London, England, publishes in its issue of July, 1894, in the shape of letter from California, with editorial endorsement, under the title 'Truths About the Fruit Industry,' a number of false statements and

exaggerations regarding the fruit-growing business of this State, asserting that the fruit-growers have never made more than a living; that thousands of tons of fruit regularly rot on the ground; that large numbers of orchards are not being pruned or culivated; that half the fruit that can be bought for less than half what they cost; that worse times yet are in store for the fruit-growers; that many fruit-growers are abandoning their properties, which they cannot dispose of at any price; that the fruit-growing 'delusion' has kept up in London by conspiracy on the part of those who make money out of settlers that California is becoming every one connected with it; that full-grown orchards can be purchased of the banks for one-half of what they cost, and more to the same effect; and whereas, it is well known and admitted by all reputable citizens of California that these statements are either absolutely false or outrageously exaggerated; that the fruit-growing industry in California is becoming more and more of a staple industry from year to year, the exports to the East, amounting to something like 20,000 carloads annually; that new orchards are being planted every season throughout the State to the extent of thousands of acres; that there are few, if any, agricultural industries in the world which can claim a profit to the farmer as fruit-growing in California when intelligently and practically conducted; that net profits of from \$100 to \$300 and even more per acre are not uncommon among growers of apricots, prunes, peaches, pears, apples, strawberries, olives, walnuts, almonds, oranges, lemons and other fruits, while in almost every case where a profit is made a profit has been given to the orchard they have paid large interest on the amount invested; and, whereas, such false statements are likely to have an injurious effect upon this State, by prejudicing the minds of people against the most important industry of the State, an industry, which, in spite of its marvelous development, is yet in its infancy; the markets of the world having yet been scarcely reached; therefore, be it

"Resolved, that the Los Angeles Chamber of Commerce denounces these statements in the article referred to as false and misleading, bearing plain evidence of malice and willful misrepresentation, and that we offer to furnish the publisher of the Investor's Review with ample and indubitable testimony to the effect that he has been grossly deceived and imposed upon by his correspondents."

The resignation of J. de Barth Short, who has for the last two years represented the Chamber of Commerce in the State Board of Trade, was read and accepted.

The board then, on motion, adjourned.

## Licensed to Wed.

Marriage licenses were issued at the County Clerk's office yesterday to the following persons:

Charles H. Hooser, a native of Missouri, 24 years of age, to M. Grace Bragg, a native of Illinois, 17 years of age; both of this city.

Samuel Akey, a native of Ohio, 48 years of age; Ontario, to Gertrude Brockington, a native of Ohio, 35 years of age, of this city.

Edward Doerr, a native of Germany, 21 years of age, to Emily Larkin, a native of Canada, 18 years of age; both of this city.

Moses A. Heberd, a native of Illinois, 33 years of age, to Mary E. Heberd, a native of Illinois, 29 years of age; both of Colton.
